INDICATIONS—"Rain, cooler."

CHOICE bananas, oranges and lemons, at Calhoun's.

THE total amount of Fayette County's bonded debt is \$104,000.

FOR reliable indemnity against loss, insure with John Duley's agency.

THE St. Lawrence is said to be the lightest draught side-wheeler on the river.

THE Collins & Rudy Lumber Company has sold and conveyed a lot in Chester to Miss Sallie B. Hodge for \$245.

MISS POYTZ ANDERSON and Miss Anna Bishop will sail for Europe on the 6th of June.—Covington Commonwealth.

PROFESSOR PICKETT, Superintendent of Public Instruction, has decided that women are eligible as school trustees.

J. W. SPARKS & BRO. advertise a great special sale of carpets, oil cloths, window shades, dress goods, hosiery and underwear.

PROFESSOR FRANK KELLEY, formerly of Germantown, is organizing a \$30,000 stock company to run the Paris Commercial College.

THE BULLETIN is indebted to Mr. Robt. Lane, of the West End, for some of the finest strawberries brought to Maysville this season.

THE steamer St. Lawrence has extended her trips to Manchester, and the fight is on between the Handy No. 2 and the White Collar line.

A BLIND man with a fiddle was on the streets yesterday gathering in the nickles that the crippled fellow with an accordeon didn't get the evening before.

THE name of Miss Susie D. Fox, of Mayslick, appears on the list of graduates of Hamilton College, Lexington, this year. The commencement will take place in a few days.

WATER works are still talked of at Paris. A private subscription of \$50,000 is now being raised to build them. Only \$8,500 of the required sum had been subscribed at last accounts.

G. L. MARVIN, late of Aberdeen, is now the head of the firm of Marvin, Hawk & Co., wholesale commission merchants and dealers in fruits, nuts and produce, 521 Walnut street, Kansas City.

LADIES, you can find the nicest assortment of fruit bowls and berry dishes in the city at Ballenger's jewelry store. The latest designs, quadruple silver plated. Call and examine these goods.

WE have just received the most beautiful designs of gold and silver medals and badges for commencement exercises. Designs and prices furnished on application. Hopper & Murphy, the jewelers

A LITTLE daughter of A. C. Rawlings, near Owingsville, accidentally swallowed a grain of corn, which lodged in her throat and choked her to death in a few hours, in spite of all efforts of the physicians.

AMONG the passengers on a westbound C. & O. train last Tuesday were two little Portsmouth girls, five and seven years old, on their way to Birmingham, Ala. Their only companion was a sister but a few years older.

THE Clermont (O.) Courier thinks 9 o'clock at night is late enough for the saloons to remain open. It says: "Most men ought to be able to get on a pretty good jag by that time, and men who don't want any jag would like to be asleep at 10. The 11 o'clock ordinance would seem to allow more latitude than the thirtieth man on the hottest night would require."

## THE PUBLIC LIBRARY.

Let Every Citizen Encourage the Move in the Interest of This Institution.

"Well, I'm glad to learn the committees appointed to sell tickets for the public library benefit are meeting with encouragement," said a prominent minister of the city.

"This is as it ought to be," continued he. "Certainly no citizen of our town who has given this subject a moment's thought will refuse to help this laudable enterprise. One of the greatest needs of Maysville is a first-class public library. This is a reading age, and our young people will read good books if they can get them; if not good books, then anything else in their reach. We complain of the flood of yellow-back novels and blood-and-thunder literature which is sweeping over the land, but are we not partly to blame that such books are read? Put good books into the hands of the young, cultivate their taste for what is pure in literature and the tide is stemmed. Make no provision for the thirst for reading and you have a community of novel-readers who care nothing for any higher and purer books. Maysville is far behind other less pretentious cities in this regard. Mt. Sterling for years has supported a first-class library where the first-class books, magazines and papers are kept for all who come. Others smaller towns have their circulating and school libraries. Maysville has only a nucleus for one. Valuable as are the historical works collected and preserved in the rooms of the Historical Society, they can not and are not intended to supply the demand for general reading. The object of the entertainment to be held at the opera house on the night of June 7th is to secure funds for the purpose of improving the present library building and adding two reading rooms, where all can spend a pleasant hour. It is also the object of the managers to add to the stock of books on hand many standard works on general subjects. This is a move which should arouse every member of the community. Let all help a little and the work will be done."

An excellent programme of a literary and musical character will be rendered at the coming entertainment. June 7th is the date, and the opera house should be crowded.

## Railway News.

The earnings of the L. & N. increased \$27,120 last week.

A meeting of the Directors of the M. & B. S. was held at Cincinnati Tuesday. The Enquirer says: "Nothing of importance was done except to confirm certain matters requiring the action of the Board.

Thomas C. Platt, President of the United States Express Company, filed his bond for \$1,000,000 with the United States Government, that company having been designated as the carrier of the government money.

The prospects for completing the Sardinia branch railroad to Georgetown have taken a more favorable turn. A committee of Georgetown gentlemen lately met Receiver Hunt of the O. & N. W. R. R. and proposed a donation of \$15,000 from the town if the Receiver would finish and operate the road. Mr. Hunt favors the proposition, and is now laying the matter before the syndicate interested in the line. If the road is opened, it will likely be extended to Ripley.—Ripley Bee.

## Stock, Field and Farm.

The total production of wheat in America in 1888 was 415,868,000 bushels. Of this California raised 28,415,000 bushels; Oregon 14,548,000.

Benjamin Henry, of Nicholas County, raised eight acres of tobacco last year that averaged 1,800 lbs. to the acre, and sold it for 15 cts. per pound for leaf, logs and trash. He cultivated it well, handled it nicely and sold it for the top price.

'New wheat is being engaged in Boyle and Lincoln counties at 70 cents. per bushel delivered. The crop in Kentucky is estimated at 97, while the crop in California is estimated at 98 per cent. Our farmers have reason to expect a good yield in Bourbon—Paris Kentuckian.

The Winchester Democrat says: "The wheat crop in Clark will be the largest ever known, provided no unforeseen calamity should befall it. The harvest will begin about the 15th of June, and many farmers are enthusiastically predicting 40 bushels to the acre. At a fair price for wheat, a half million dollars will be placed in the farmers' pockets of Clark this year."

About one-half of the tobacco crop for Clark has been set. A majority of the farmers having run out of plants had to discontinue setting until the plants grow. From many localities we hear great complaints from scarcity of plants. The recent cool weather has caused the cut-worm to do very great damage, and at least one-third of the present setting will have to be reset. The crop in Clark will reach over seventy-five per cent. of the acreage of 1888.—Winchester Democrat.

## BUILDING ASSOCIATIONS.

A Cincinnati Judge Renders a Decision of Interest to Stock-holders.

Judge Outcalt, of the Common Pleas Court at Cincinnati, in a recent decision, holds "that the weekly payments made by a borrower from a building association do not go to the payment of the loan by him but to the payment of the shares of stock subscribed by him when he became a member."

The defendant was a borrower of five shares of stock amounting to \$2,500, and had paid thereon a certain sum. The balance remaining due was tendered by him to the Receiver, with interest, and a demand for cancellation of his mortgage. This the Receiver refused to accept, and the court decides that he was correct.

Commenting on the decision the Covington Commonwealth says: "This is an instance of a man wanting to pay his debts and being prevented by the court. But the decision means that a member borrowing is simply a stockholder liable to the creditors of the association for any deficiency or debts which may be created, and not simply a borrower, whose liability is to end with the repayment of the loan made to him.

"Why Judge Outcalt finds it good law to declare that because a member borrows his share in advance and pays it back in installments is not out when that whole amount is paid, is a distinction without a difference founded not on good sense or apparent good law."

There has been no such ruling in this State.

The C. & O. R. R. has issued instructions that any of their employes whose wages are attached for debt shall be discharged from the road.—Greenup Gazette.

MR. W. P. CAMPBELL, of the Maysville Democrat, has been appointed as a student from this congressional district to the U. S. Naval Academy at Annapolis, Md., and has signified his acceptance of the honor.

The grand jury at Flemingsburg has reported sixteen indictments—three for grand larceny, the rest for misdemeanors. Four or five of the number were for violations of the prohibition law. The criminal docket of the present term has been disposed of.

A TROTTER association has been organized at Winchester with a capital stock of \$7,000. Henry Jones is President and S. A. Conn Treasurer. About twenty acres of land has been bought and an amphitheater will be erected and a half-mile track completed at once.

HENRY LIPPERT, boss of a gang of men working at the stone quarry on the river shore just above South Ripley, was painfully injured one day this week by the explosion of a dynamite cap which he was taking out of his vest pocket. The end of his fore finger was torn off and his hand severely cut.

THE Paris Kentuckian says: "When Rev. Dr. Hays, the blind minister of Maysville, delivered his discourse here on baptism, it was so complete a defense of the position of his church, the Presbyterian, that many who favored immersion freely admitted that they had no idea that as much could be said in favor of sprinkling or pouring. When Elder Sweeney replied in his church to the positions taken by Dr. Hays, of course it seemed to the advocates of immersion as though he had left the Presbyterians no ground whatever for their belief. \* \* The Presbyterians, of course, are of the same opinion still as of old."

THE Ripley Bee says: "Asa Burgess and Wesley Vicroy, two lively youths of Maysville, started on a bicycle tour a few days ago, and crossing the river to Aberdeen, struck out in the country. The fine old Huntington hills proved too much for them, however, and about 2 o'clock in the afternoon they came drifting into Ripley completely exhausted and famished. Their friends Mr. and Mrs. J. W. Evans took pity on them and furnished them board and bed. About 2 o'clock in the night, the Evans family were awakened by a messenger from Maysville enquiring if the boys were there. On receiving a response, he muttered something about 'every toll-gate in Mason County' and started home, where the boys followed him next day."

## Ohio Knights of Pythias.

Mr. L. H. Williams, of Ripley, was elected Grand Prelate at the meeting of the Grand Lodge this week.

The total membership in Ohio January 1st, 1889, was 22,844. The gain since then is placed at 1,600, making a total membership of 24,444. The total gain in the world in 1888 was 21,315, of which Ohio, furnished 3,391, or nearly one sixth. The total receipts for the year were \$197,726.65 and the disbursements \$163,303.20. Amount on hand and investments \$212,874.69. Widows' and Orphans Fund, \$6,663.87, total resources of lodges, \$218,938.56.

This cut fairly represents the appearance of our

**Ladies' \$2.50 Button.**

It is made of fine, soft Dongola Kid, flexible soles, medium toe and neat, concave heels. We keep them in three widths, which enables us to fit most any foot perfectly. In style and wearing qualities it is equal to those usually sold for \$3. Never fails to give entire satisfaction.
